Dear Suhas,

Thanks so much for your contribution to WISDOM'15. This year we received less number of submissions than previous years. Hence, we downgraded our workshop program from full day to half day. Please find below the tentative schedule for WISDOM'15 in the afternoon of August 10. Each accepted paper has 30 minutes for full presentation of 25 minutes plus 5 minutes of Q/A. Please let us know if you have any questions regarding the scheduling.

Thanks,
WISDOM co-chairs
